March 24, 2020

Hello QCI Healthcare Providers,

We recognize that with the constantly changing COVID-19 situation around the world, this is an unprecedented event for everyone that is dramatically impacting all of us in a time that, for many, is filled with suffering and uncertainty. Our top priority at QCI Healthcare has been and always will be the protection and safety of our employees / QCI Family.

As an Essential Critical Infrastructure Worker, it has become clear that the best way we can preserve the health of our community is by taking any action we can do to help slow the transmission of Coronavirus (COVID-19). We at QCI are communicating with our facilities daily to make sure all of you working on the front lines are given the best information available and most of all are protected.

I want to personally thank each and every one of you who are working to make sure that everyone who may be infected or for those that are home bound continue to get the top quality care that we know each and every one of you provide. This pandemic will come to an end and you will look back and be able to tell your family and friends that it was you who made a difference.

Our thoughts and prayers go out to you all during this time of crisis.

Sincerely,

A handwritten signature in black ink, appearing to read 'Christian Vera', with a long, sweeping underline.

Christian Vera, CEO
QCI Healthcare
